

1 Mouse igloo **2** Mouse house **3** Tunnel for mice

Enrichment

The transparent mouse houses and tunnels are available in different dimensions and designs. The red tinting offers the animals an adequate possibility to retire while they can be observed completely.

The tunnels can be suspended to the cage edge by a suspension bow. All parts are made of polycarbonate and are thereby autoclavable.

Type	Material	Dimensions	Colour	Code-no.
Mouse house	Polycarbonate /PC	W 100 x D 90 x H 55 mm	red / transparent	3084010
Mouse igloo	Polycarbonate /PC	Ø 114 x H 57 mm	red / transparent	13100
Tunnel for mice	Polycarbonate /PC	L 100 x Ø 50 mm	red / transparent	13102
Suspension for 13102	Stainless steel AISI 304		-	13102-1
Tunnel for rats	Polycarbonate /PC	L 153 x Ø 75 mm	red / transparent	13104
Suspension for 13104	Stainless steel AISI 304		-
